# Pre-project survey

## Goals:

- Analysis of existing business processes in the organization
- Definition of specific algorithms
- Formalization of the result
- Preliminary assessment of the possibility and feasibility of using LSAvto DMS to automate business processes
- Assessment of the need and extent of LSAvto DMS improvements
- Preliminary acquaintance of potential users with the capabilities of LSAvto DMS in the context of their business processes
- Final assessment of the feasibility of implementing LSAvto DMS

## Formalities

The pre-project survey will be carried out within the framework of a particular contract, which will specify the stages and terms for the provision of services, as well as agree on a list of participants from each party. The parties will preliminarily sign a non-disclosure agreement (NDA) for the information received during the pre-project survey.
